Rather than a boring powerpoint or another time consuming movie....we are going to make WWI trailers! You may use any medium you would like to create your weapons trailer. The concept is each group of two will be creating a trailer on a WWI. All topics are unique and cool in their own ways BUT your goal is to make the class think your particular movie is the coolest based on how you portray it in your trailer.

Movie trailers are not usually longer than 3 minutes and are quick and show the MOST intriguing points. Keep this in mind when creating your WWI trailer. A movie trailer usually attracts viewers based on storyline, visuals, special effects...All things to consider when creating your weapons trailer :) Your trailer will be shown in class.
